INTERNSHIP EXPERIENCE

Web Development Intern
MagicBus Foundation | 2025 - Present

I have a strong foundation in frontend development with proficiency in HTML5, CSS3, and JavaScript (ES6+). I am skilled in creating responsive and visually appealing web interfaces using CSS Flexbox and Grid. Additionally, I have experience in optimizing website performance, ensuring cross-browser compatibility, and integrating APIs using JavaScript. I am also familiar with version control systems like Git and GitHub for efficient project management and collaboration.

Area of Interest
Technologies | 2025 - Present

- **Frontend Technologies**: HTML5, CSS3, JavaScript (ES6+)
- **Styling & Design:** CSS Flexbox, CSS Grid, Responsive Web Design
- **Frontend Frameworks:** Basic understanding of React.js
- **Version Control:** Git, GitHub

Projects

HTML,CSS:
I developed an eCommerce website inspired by Zepto using HTML, CSS, and JavaScript.The website features a responsive design, intuitive user interface, and cart section. I also implemented basic JavaScript for form validation

React Js :
I developed an eCommerce website using React.js and Tailwind CSS, ensuring a responsive and user-friendly interface. The project includes dynamic product listings, a shopping cart, and seamless state management for an efficient user experience.

WordPress :
The website features a visually appealing layout, responsive design, and easy navigation for users. I integrated essential plugins for contact forms, SEO optimization, and online ordering to improve user experience and business reach.
